Drawings

New corrected drawings are required in this application because those submitted on 3/30/2000 are informal and contain inconsistent hand drawn lines, labels and numerals. Applicant is advised to employ the services of a competent patent draftsperson outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.
